The following is said ordinance as passed:

WHEREAS, The Commission on Chicago Historical and Architectural Landmarks has recommended that the structure known as the James Charnley House, located at No. 1365 North Astor Street, Chicago, Illinois, be designated by the City Council as a Chicago Landmark; and

WHEREAS, On the basis of a careful consideration of the architecture of the structure, the Commission has found that the building meets the following criteria as set forth in Chapter 21, Section 21-64(b), of the Municipal Code of Chicago:

1. Its character, interest, and value are part of the development, heritage and cultural characteristics of the City of Chicago, State of Illinois, and the United States.

3. It is identified with persons who significantly contributed to the culture and development of the City of Chicago.

4. It exemplifies the cultural, economic, social and historic heritage of the City of Chicago.

5. It portrays the environment of a group of people in an era of history characterized by a distinctive architectural style.

6. It embodies distinguishing characteristics of an architectural type.

7. It is identified as the work of an architect and master builder whose individual work has influenced the development of the City of Chicago.

8. It embodies elements of architectural design, detail, material and craftsmanship which represent a significant architectural innovation.

10. Its unique location and singular physical characteristic represent an established and familiar visual feature of a neighborhood of the City of Chicago, and

WHEREAS, Especially considered was the structure's place in the development of the revolutionary residential design known as the "Prairie School" style, while still incorporating elements characteristic of the mature design of the great architect Louis Sullivan; and

WHEREAS, The Charnley House combines the full, mature development of the master (Louis Sullivan) and the awakening of the pupil (Frank Lloyd Wright) and these various elements of significance lead to the conviction that here is one building that simply must be preserved because of its pivotal position in the history of our architecture, not for Chicago, not for the United States, but for the entire world; and

WHEREAS, The Charnley House is the first giant step in the development of modern domestic architecture out of the Chicago School; and

WHEREAS, To anyone standing on the corner of Schiller and Astor Streets, the home is a striking contrast to most of the more ostentatious private homes to the north and south on Astor Street; and

WHEREAS, The Charnley House was designed at about the same time plans were being drawn for the World's Columbian Exposition, at a time when architects were harkening back to classical styles. This building becomes even more significant because it avoided Greek and Roman influences and was an early statement of Wright's renowned independence. Its architectural innovation is based both on what the building is, and what it is not. It is not a copy of a Greek or Roman temple. It is the beginning of a new idea later referred to as the Prairie School of Architecture, for which Wright and Chicago are world famous; and

WHEREAS, The Commission has concluded that the Charnley House is truly important to Chicago, and deserves to be preserved, protected, enhanced, rehabilitated and perpetuated. The Commissioner of Development and Planning of the City of Chicago and the City Council Committee on Cultural and Economic Development have concurred in the Commission's recommendation that the Charnley House be designated as a Chicago Landmark; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The structure known as the James Charnley House, located on property legally described as:

LADIES AND GENTLEMEN—I should like to advise you that the Public Building Commission of Chicago has designated a site located at the Southeast corner of West 17th Street and South Ashland Avenue as the site for the new Pilsen Neighborhood Health Center. This project, CH-2, is being undertaken at the request of the City of Chicago and the site has been approved by the Chicago Plan Commission.

I am now therefore transmitting a proposed resolution for your consideration which would approve the site designation in accordance with the Public Building Commission Act.

I should like to request your favorable action on this matter.

Very truly yours,
(Signed) RICHARD J. DALEY,
Mayor.

Chicago's Sympathy Extended to Families of Victims of Recent Atrocities Committed at Olympiad.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council submitted the following proposed resolution:

WHEREAS, On September 5, 1972, a band of terrorists entered the Olympic Village at Munich and seized as hostages members of the Israeli team, and at day's end killed the hostages and a German police officer; and

WHEREAS, The entire civilized world was shocked at the murder of innocent men and there was a general feeling of revulsion at these base acts; and

WHEREAS, The Olympic Games themselves were dedicated to the hope of men and women of many nations, cultures, and philosophies meeting in an arena where only talent and ability were to be the determining factors, and this hope was shattered by the actions of fanatics operating outside the bounds of civilized society; and

WHEREAS, Despite the efforts of the West German government and Munich police to free the hostages, they were slain by the terrorists; and

WHEREAS, Only this week the terrorists killed an Israeli diplomat in London through the use of a bomb sent through the postal service, a terrorist method which endangers innocent persons everywhere; and

WHEREAS, These terrorists are part of an Arab group dedicated to committing further acts of random mass murder and are protected and harbored by some nations; now, therefore,

Be It Resolved, That the Mayor and the members of the City Council of the City of Chicago, in meeting assembled this 20th day of September, 1972, do express the deepest condolences of the people of Chicago to the families of the slain Israelis and of the German policeman and express to the government of Israel the horror and shock at these senseless murders; and

Be It Further Resolved, That we the Mayor and the members of the City Council urge the leaders of the government of the United States to use its utmost influence to stop nations from harboring these Arab terrorist criminals.

Alderman Wigoda moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the foregoing proposed resolution. The motion *Prevailed.*

On motion of Alderman Wigoda (seconded by Aldermen Sperling, Natarus, Hoellen, Simon, Cohen, Despres and Cousins) the foregoing proposed resolution was *Adopted,* unanimously.

The seconding aldermen all spoke eloquently and feelingly of their abhorrence and revulsion concerning the acts of barbarism committed during the Olympiad against the members of the Israeli team, while engaged in activities regarded by all as the supreme test of sportsmanship. All agreed that such acts of terrorism must cease and that all right-thinking people must raise their voices in protest. All expressed their outrage at the thought that some regarded the perpetrators as "heroes" and roundly condemned the countries harboring the criminals responsible for the senseless killings.

Mayor Richard J. Daley then spoke briefly saying that all the world joined in an expression of hope that there would be an end to violence all over the world.

Upon entry as aforesaid, this lease shall terminate; provided, however, that Lessee shall remain liable to Lessor for damages suffered by Lessor including, but not limited to, unavoidable loss of rent for the remainder of the term incurred as a result of such termination.

Upon termination of this lease by lapse of time or otherwise, Lessee shall remove itself and all trade fixtures, furnishings, property, equipment or machinery installed or placed by Lessee in and upon said premises; provided, that Lessee shall, at its own expense, repair any damage occasioned by such removal. Lessee shall upon termination of this lease surrender the premises to Lessor in the same condition as received (except for alterations, changes, or additions consented to by Lessor), ordinary wear and tear, loss, damage, or destruction by earthquake, flood, fire, riots, insurrection, the public enemy, the elements, acts of God or other conditions or causes above and beyond the control of Lessee being excepted.

In the event of partial damage or destruction of the premises or the Building, the same shall be promptly restored by Lessor to their previous condition and a just portion of the rent, to the extent, if any, that the premises have been rendered untenantable, shall abate until the premises or the Building have been so restored. Lessor may elect by notice in writing to Lessee, within thirty (30) days of such partial damage or destruction, to restore the premises or the Building and if the Lessor fails to make such election or, having done so, fails to effect restoration within a reasonable time, Lessee may cancel and terminate this lease upon not less than five (5) days' written notice to Lessor.

This Agreement made this .... day of ..............................A.D............................., between the City of Chicago, a municipal corporation of the State of Illinois, hereinafter called "Landlord" and Illinois Bell Telephone Company, a corporation organized and existing by virtue of the laws of the State of Illinois, hereinafter called "Tenant".

WITNESSETH:

That Landlord, for and in consideration of the terms and conditions, both general and special, hereinafter contained and made on the part of Tenant, does hereby grant to Tenant for use only by Tenant, the privileges hereinafter described on premises at Navy Pier, Foot of Grand Avenue, Chicago, Illinois 60611, hereinafter called "Pier", a plat of said Pier being attached hereto.

This Agreement shall consist of three parts:

Part I—General Conditions

Part II—Special Conditions numbered 1 to 5

Part III—Exhibits and Attachments

All constituting the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences, shall be implied or impressed upon such agreement that are not set forth herein at length.

PART I—GENERAL CONDITIONS

Article I

This agreement shall be subject and subordinate to:

(a) Any existing or future Federal or State Statute or any existing or future lease or agreement between Landlord and the United States or the State of Illinois, or political subdivisions thereof, relative to the development, construction, operation or maintenance of the Pier, the execution of which has been or may be required as a condition precedent to the expenditure of Federal, State or other public funds for the development, construction, operation or maintenance of said Pier.

(b) The right of Landlord to further develop, improve, maintain, modify and repair Pier, the facilities therein and the roadways and approaches thereto, as it so sees fit regardless of the desires or views of the Tenant and without interference or hindrance by the Tenant.

Article II

The Tenant shall not, without prior approval of Landlord, assign or transfer this agreement nor any share, part or interest therein, nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of anything hereunder by an independent contractor unless otherwise expressly provided herein. Tenant further agrees that it shall not enter into any agreement of any nature, formal or informal, concerning other business activities at Pier, with any individual, partnership or corporation without prior approval of Landlord, it being understood that the only activity that Tenant may conduct directly or indirectly, alone or through others, on, upon or from said Pier and facilities located thereon, be they demised to others or under the control of Landlord, is as authorized under the terms of this agreement.

In the event of the issuance of this right or privilege to more than one individual or other legal entity (or to any combination thereof), then and in that event, each and every obligation or undertaking herein stated to be fulfilled or performed by the Tenant shall be the joint and several obligation of each such individual or other legal entity.

If Tenant is a corporation and if the control thereof changes at any time during the term hereof, then Landlord may, at its option, declare such change a breach of this agreement.

It is mutually understood and agreed that nothing contained in this agreement is intended, or shall be construed, as in any wise creating or establishing the relationship of copartners or joint ventures between the parties hereto or as constituting the Tenant as the agent or representative of the Landlord for any purpose or in any manner whatsoever.

Article III

Tenant has examined the premises prior to, and as a condition precedent to, the execution hereof and is satisfied with the physical condition of said premises, and its taking possession thereof will be conclusive evidence of its receipt of said premises in a safe, sanitary and sightly condition and in good repair.

Article IV

Tenant shall not attach, affix, or permit to be attached or affixed, upon the premises, or if so attached or affixed, relocate, replace, alter or modify, without the consent in writing in each instance of the Port Director (hereinafter called "Director") first had and obtained, any flags, placards, signs, poles, wires, aerials, antennae, improvements or fixtures. In connection therewith Director may require submission of proposed designs, floor plans, construction plans, specifications and contract document therefor and if then approved may incorporate all or part thereof within this agreement as attachments thereto.

Article V

Tenant, at the expense of Tenant, shall keep the premises in a safe, sanitary and sightly condition and good repair and shall restore and yield the same back to Landlord upon the termination of this agreement in such condition and repair, ordinary wear and tear excepted, and if said premises shall not be so kept by Tenant, Landlord may enter the premises (without such entering causing or constituting a termination of the privilege or an interference with the possession of said premises by Tenant) and do all things necessary to restore said premises to the condition herein required, charging the cost and expense thereof to Tenant and Tenant agrees to pay Landlord, in addition to the rent and charges hereby reserved, all such costs and expenses.

Article VI

Tenant covenants and agrees to keep said premises and improvements situated thereat free and clear of any and all liens in any way arising out of the use thereof by Tenant.

In addition to the rent and charges hereinafter outlined, Tenant shall pay all fees, charges, license fees and taxes of whatever nature, if necessary, as required by law or ordinance of the City of Chicago.

Tenant shall assume all risks incident to or in connection with the business to be conducted hereunder and shall be solely responsible for all accidents or injuries of whatever nature or kind to persons or property caused by its operations at said Pier and shall indemnify, defend and save harmless the Landlord, its authorized agents and representatives, from any penalties for violation of any law, ordinance or regulation affecting its operations, and from any and all claims, suits, losses, damages or injuries to persons or property of whatsoever kind or nature arising directly or indirectly out of the operation of such business, or resulting from the carelessness, negligence or improper conduct of the Tenant, or any of its employees.

Landlord shall not be liable to Tenant for damage to property of Tenant or any loss of revenues to Tenant resulting from Landlord's acts, omission or neglect in the maintenance and operation of the Pier facilities.

Article VII

Tenant, at the expense of Tenant, shall keep in force, during the term of this agreement, insurance issued by responsible insurance companies, in forms, kinds and amounts as determined and directed by the Comptroller of the City of Chicago (hereinafter called "Comptroller") for the protection of Landlord and/or Tenant. Insurance requirements hereunder shall be subject to the sole determination of the Comptroller.

Said insurance may include, but need not be limited to, insurance coverages commonly known as, or similar in kind to, Public Liability, Products, Liability, Property Damage, Fire and Extended Coverage, Workmen's Compensation, Scaffolding Act, and such other insurance coverage as deemed required in the sole determination of the Comptroller. All policies or endorsements, thereto shall in all cases where possible name Landlord as coinsured thereunder.

Upon approval by said Comptroller of all insurance required, in the forms, kinds and amounts directed to be procured, Tenant shall deliver all policy originals or duplicate originals and endorsements thereto to the Comptroller for incorporation within this agreement as attachment thereto. In any event, Tenant is not to commence to exercise any of the rights and privileges granted under this agreement until such time as all insurance directed and required to be furnished by Tenant is in full force and effect.

Tenant expressly understands and agrees that any insurance protection furnished by Tenant hereunder shall in no way limit its responsibility to indemnify and save harmless Landlord under the provisions of Article VI of this agreement.

Article VIII

In the event the premises or the building of which the premises are a part shall be damaged or destroyed by fire or other casualty, the same may be promptly repaired or rebuilt by Landlord at its expense as soon as funds are available but Landlord shall not be obligated to repair, rebuild, restore or replace any fixtures, equipment, displays or other property installed by Tenant or others pursuant to this agreement.

Provided, however, that Landlord may elect, at its sole option, not to repair or reconstruct the premises or the building, of which the premises are a part, and upon written notice of such election from Landlord to Tenant the obligation of Tenant to pay rent shall cease and this agreement shall thereupon terminate.

Article IX

Landlord hereby grants to Tenant the right of access and ingress to and egress from the premises by Tenant and its employees, contractors, suppliers, servicemen, sublessees, guests, patrons and invitees; provided, that such rights of access, ingress and egress, are at all times exercised in conformance with the further provisions of this agreement and any and all regulations promulgated by Landlord or the Director, or other lawful authority, for the care, operation, maintenance and protection of the Pier and the public.

Operations to be conducted by the Tenant under this agreement shall be done at the sole expense of the Tenant and shall be subject to general inspection by the Landlord to insure a continuing quality of services commensurate with the standards provided for in this agreement and to such other provisions of related agreements as may be pertinent as entered into between Landlord and others governing the use of and operations at the Pier.

Tenant does further covenant, promise and agree that said Tenant will not employ any person or persons in or about the premises or on the Pier who shall be objectionable to the Director and if such persons shall be employed by Tenant, he, she, or they, shall be removed upon request of said Director.

Tenant agrees to use its best efforts in every proper manner to maintain and develop the business conducted by it under this agreement and increase same and not to divert or cause, or allow, to be diverted, any business from Pier.

Article X

This agreement shall not and will not, nor shall any copy thereof, or any statement, paper or affidavit, in any way or manner referring hereto, be filed in the office of the Recorder of Deeds of Cook County, Illinois, or in any other public office, by Tenant or anyone acting for Tenant and that if the same be so filed, this agreement and each and every provision hereof shall, at the option of Landlord, be and become absolutely null and void and Landlord may declare such filing a breach of this agreement.

Article XI

If Tenant shall vacate or abandon the premises, or any part thereof, or permit the same to remain vacant or unoccupied, or in case of the non-payment of the rent and charges reserved hereby, or any part thereof, or of the breach of any covenant in this agreement contained, Tenant's right to the possession of the premises thereupon shall terminate, with or without any notice or demand whatsoever, and the mere retention of possession thereafter by Tenant, shall constitute a forcible detainer of said premises, and if the Landlord so elects, but not otherwise, this agreement shall thereupon terminate and upon the termination of Tenant's right of possession, as aforesaid, whether this agreement be terminated or not, Tenant agrees to surrender possession of the premises, immediately, without the receipt of any demand for rent, notice to quit or demand for possession of the premises whatsoever, and Tenant hereby grants to Landlord full and free license to enter into and upon said premises, or any part thereof, to take possession thereof without process of law and to expel and remove Tenant, or any other person who may be occupying the premises, or any part thereof and Landlord may use such force in and about expelling and removing Tenant and said other person as may reasonably be necessary and Landlord may repossess itself of the said premises as of its former estate, but said entry of said premises shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue hereof, nor a waiver of any covenant, agreement or promise in said agreement contained, to be performed by Tenant.

Tenant hereby waives all notice of any election made by Landlord under this agreement, demand for rent, notice to quit, demand for possession, and any and all notices and demands whatsoever, of any and every nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to Landlord and Tenant, or any other statute, or by the common law during the terms of this agreement. The acceptance of rent, whether in a single instance or repeatedly, after it falls due, or after knowledge of any breach hereof by Tenant, or the giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of Landlord's right to act without notice or demand or of any other right hereby given Landlord, or as an election not to proceed under the provisions of this agreement.

If default be made in the payment of the rent, or other charges herein reserved, or of any installment thereof, as herein provided, Tenant does hereby irrevocably constitute any attorney of any Court of Record in this State, attorney for it and in its name, from time to time, to waive the issuance of process and service thereof, to waive trial by jury, to confess judgment in favor of Landlord and against Tenant for the amount of rent which may be then due, by virtue of the terms hereof, or of any extensions or renewals hereof, or by virtue of any holdover after the termination hereof, and which may be in default, as aforesaid, together with the costs of such proceedings and for said purposes to file in said cause his cognovit thereof, and to make an agreement in said cognovit, or elsewhere, waiving and releasing all errors which may intervene in any such proceedings and waiving and releasing all right of appeal and right to writ of error, and consenting to an immediate execution upon such judgment, and Tenant hereby confirms all that said attorney may lawfully do by virtue hereof. Landlord shall have a first lien on Tenant's interest hereunder, and on Tenant's property now or hereafter located in said premises, or elsewhere, to secure the payment of all moneys due hereunder, which lien may be foreclosed in equity and in case of any such foreclosure proceedings, a receiver shall be appointed to take possession of said premises and property and relet the premises under order of court.

The obligation of Tenant to pay the rent reserved hereby during the balance of the term hereof, or during any extension thereof, shall not be deemed to be waived, released or terminated, nor shall the right and power to confess judgment given in the preceding paragraph hereof be deemed to be waived or terminated by the service of any five-day notice, other notice to collect, demand for possession, or notice that the tenancy hereby created will be terminated on the date therein named, the institution of any action of forcible detainer or ejectment, or any judgment for possession that may be rendered in such action, or any other act or acts resulting in the termination of Tenant's right to possession of the premises. The Landlord may collect and receive any rent due from Tenant and payment or receipts thereof shall not waive or affect any such notice, demand, suit or judgment, or in any manner whatsoever waive, affect, change, modify or alter any rights or remedies which Landlord may have by virtue hereof.

Tenant shall pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by Landlord in enforcing the covenants and agreements of this agreement, whether by the institution of litigation or in the taking advice of counsel or otherwise.

The rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

Article XII

Tenant shall observe and comply with all laws, ordinance, rules and regulations of the United States Government, State of Illinois, County of

Cook, City of Chicago and all agencies thereof which may be applicable to its operations or to the operation, management, maintenance or administration of the Pier, now in effect or hereafter promulgated.

Article XIII

Tenant, upon performing the covenants, conditions and agreements herein contained, shall and may peacefully have, hold and enjoy the premises and privileges hereinafter granted.

Article XIV

Landlord may furnish security service, heat, sanitary facilities and utilities as designated at outlets and at points as shown on attachment hereto. Article XV

To insure faithful performance of the covenants, conditions and agreements herein contained, Tenant, at the expense of Tenant shall, before exercising any rights or privileges accorded hereunder, furnish a bond in form, kind and amount as determined and directed solely by the Comptroller for incorporation within this agreement as attachment thereto.

Article XVI

Tenant, in performing under this contract, shall not discriminate against any worker, employee or applicant, or any member of the public, because of race, creed, color, religion, age, sex or national origin, nor otherwise commit an unfair employment practice. Tenant will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, creed, color, religion, age, sex or national origin. Such action shall include, but not be limited to the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Tenant agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this non-discrimination clause. COMMITTEE ON HEALTH.

Action Deferred—ON PROPOSED RESOLUTION TO HOLD PUBLIC HEARING CONCERNING ADMINISTRATION OF COOK COUNTY HOSPITAL, ETC.

The Committee on Health submitted the following report, which was, at the request of two aldermen present (Alderman Simon and Alderman Singer) *Deferred* and ordered published:

CHICAGO, September 19, 1972.

To the President and Members of the City Council:

Your Committee on Health, having had under consideration a proposed resolution (which was referred on December 3, 1971) to direct the Committee to hold a public hearing concerning administration of the Cook County Hospital, etc., begs leave to recommend that your Honorable Body *Do Not Pass* the said resolution.

This recommendation was concurred in by 7 members of the committee, with one dissenting vote.

Respectfully submitted,

(Signed) CLAUDE W. B. HOLMAN,
Chairman.

The proposed resolution transmitted with the foregoing committee report reads as follows:

Whereas, Disagreement between the Health and Hospital Governing Commission of Cook County Hospital and its Executive Director on the one hand and large numbers of members of the medical staff and house staff of Cook County Hospital consisting of attending physicians, physicians employed by Cook County Hospital on a full-time basis, residents and interns has caused chaos in the hospital and is likely to result in a deterioration of the services provided by the hospital; and

Whereas, The great majority of people served by the hospital, both as in-patients and as out-patients, are residents of the City of Chicago; and

Whereas, The majority of the employees of Cook County Hospital and of the Health and Hospital Governing Commission who are employed in connection with the operation of Cook County Hospital are residents of Chicago; and

Whereas, Cook County Hospital traditionally has supplied the training for a great number of physicians who practice in the Chicago Metropolitan Area; and

Whereas, The deterioration of Cook County Hospital in the future or a limitation of the extent and quality of the medical care it is able to provide will have an adverse effect on the hospital capabilities of the entire Chicago Metropolitan Area; and

Whereas, The charges and countercharges which have been made by the said Governing Commission on the one hand and physicians, residents and interns on the other hand have confused the public as to the real issues which are causing disagreement at Cook County Hospital; and

Whereas, Acts of the Executive Director of the said Governing Commission have been attacked by certain of the residents or interns at Cook County Hospital in the Circuit Court of Cook County; and

Whereas, A forum in which all persons interested in the future of Cook County Hospital may offer their views on the course of conduct which has brought Cook County Hospital to its present state, on the present ability of Cook County Hospital to carry out its mission to supply good medical care and hospitalization to residents of Cook County, Illinois and particularly the City of Chicago and on what course the future development and direction of Cook County Hospital should take will be helpful in advising the public, the Legislature of the State of Illinois, the medical profession and those who depend upon Cook County Hospital for medical care as to what issues or incidents have brought about the present situation at Cook County Hospital, and as to what is required for the future at Cook County Hospital; now, therefore,

Be It Resolved, That the City Council Committee on Health together with the City Council Committee on Federal and State Legislation hold a joint hearing to commence prior to January 1, 1972, for the purpose of providing a public hearing for all citizens of the State of Illinois who desire to comment on the administration of Cook County Hospital or who desire to offer recommendations or opinions as to the future needs of Cook County Hospital, both from the standpoint of physical improvement and from the standpoint of administrative change and that said Committees jointly report to the City Council prior to February 1, 1972, their findings and recommendations for future development of Cook County Hospital.

Failed to Pass—PROPOSED RESOLUTION TO HOLD PUBLIC HEARING CONCERNING CONDITIONS IN NURSING HOMES IN CHICAGO METROPOLITAN AREA, ETC.

The Committee on Health submitted the following report:

CHICAGO, September 19, 1972.

To the President and Members of the City Council:

Your Committee on Health, having had under consideration a proposed resolution (which was referred on March 10, 1971) to direct the Committee to hold a public hearing concerning conditions in nursing homes in the Chicago Metropolitan area, etc., begs leave to recommend that your Honorable Body *Do Not Pass* the said proposed resolution, ordinances pertaining to the said subject matter have been passed by the City Council at a meeting held June 11, 1971, appearing on Pages 480-481 of the Journal of Proceedings.

This recommendation was concurred in by 7 members of the committee, with one dissenting vote.

Respectfully submitted,
(Signed) CLAUDE W. B. HOLMAN,
Chairman.

The proposed resolution transmitted with the foregoing committee report reads as follows:

The number of aged and infirm in our population is growing. Medical advances likely to come in the near future as well as improved standards of living that the United States offers for most people fortunate enough to live in this land will cause this trend to continue. Society must provide facilities, including adequate nursing homes for the aged and infirm, so that longevity of life will be a blessing and not a curse. Thus, the need for adequate and compassionate nursing home care in the Chicago area will increase with increased longevity in the age of our population.

The aged and infirm deserve to be treated with compassion, consideration and tenderness in a wholesome environment, rather than with the scornful and indifferent neglect that now mark the treatment accorded to so many. Government has the responsibility to contribute to the welfare of the aged and infirm by adopting and enforcing laws which provide for minimum standards in operation of nursing homes.

A recent investigation of nursing homes in the Chicago area, including the suburbs, by the Better Government Association and the Chicago Tribune revealed that the residents of many nursing homes are not receiving the type of care they deserve and that physical facilities of many such homes are far from adequate. The investigation also revealed that many such homes are not providing nursing home care with the minimum standards of cleanliness, sufficient food, clothing and heat, fire and other safety precautions and individual care and decency which their residents require and to which they are entitled.

Be It Resolved, That the Health Committee of the City Council hold a public hearing into conditions in nursing homes in the Chicago Metropolitan Area for the purpose of determining (i) whether the departments of City, County and State Government charged with the responsibility of enforcing the codes and statutes governing the operation of nursing homes in the City of Chicago are discharging that responsibility fully and competently and (ii) whether additional laws and ordinances governing the operation of nursing homes in Chicago are required in order to provide adequate standards of care for residents in nursing homes in Chicago.

CITY OF CHICAGO
DEPARTMENT OF LAW

September 26, 1972.

The Honorable, The City Council of the City of Chicago:

Re: *Patrick Moriarty vs. Police Board of the City of Chicago, et al.,*
Illinois Appellate Court No. 55708.

LADIES AND GENTLEMEN—On September 25, 1972, the Illinois Appellate Court, First District, filed an opinion reversing the decision of the Circuit Court of Cook County and reinstating the decision of the Police Board discharging Patrolman Moriarty from the police force.

The Appellate Court held that there was sufficient evidence to support the Police Board's finding that Patrolman Moriarty had driven his car in a negligent manner which resulted in a fatal accident, and that the trial court should not disturb the findings of the Board when its decision is based on credibility of witnesses.

Very truly yours,
(Signed) RICHARD L. CURRY,
Corporation Counsel.

CITY OF CHICAGO
DEPARTMENT OF LAW

October 2, 1972.

The Honorable, The City Council of the City of Chicago:

Re: *City of Chicago* v. *General Motors Corporation, et al.,*
United States Court of Appeals
For The Seventh Circuit
No. 71-1645.

LADIES AND GENTLEMEN—On September 19, 1972, the United States Court of Appeals for the Seventh Circuit handed down an opinion in the above case. That opinion affirmed the order of the district court which dismissed a suit filed by the City of Chicago against the major automobile and truck manufacturers. This suit was filed by the City, individually and on behalf of all Illinois citizens who are residents of the City of Chicago, and alleged that the major automobile and truck manufacturers manufactured and sold motor vehicles which substantially contributed to air pollution in Chicago. In its complaint the City asserted defendant's conduct injured the City in the maintenance of its property and in the performance of its corporate functions of protecting the health and welfare of its citizens and that the health and welfare of its citizens was also directly injured by this conduct. The City requested that the defendants be required to furnish, without charge to each plaintiff purchaser of any vehicle manufactured by the defendant's, a tamper-proof emission control device.

The district court dismissed the City's complaint on the grounds that the Air Quality Act of 1967 provided for preemption by the federal government of the entire field of standards for emissions from new motor vehicles and abstained from proceeding in regard to the City of Chicago's claim regarding used motor vehicles for the model years 1960 to 1967 because this extended into virgin areas of state products liability law. On review the court of appeals agreed that federal legislation preempted the field of standards for emissions from new motor vehicles since 1967 but affirmed the district court's dismissal of the claim relating to vehicles manufactured from 1960 to 1967 not on the district court's theory of abstention but rather on the basis that the claim failed, in their judgment, to state a claim under Illinois' products liability law.

Very truly yours,

(Signed) RICHARD L. CURRY,
Corporation Counsel.

Action Deferred—ON PROPOSED RESOLUTION FOR REPORT CONCERNING POLICE POLICY ON IMPOUNDING OF BITING DOGS, ETC.

The Committee on Health submitted the following report, which was, at the request of two aldermen present (Alderman Despres and Alderman Cousins) *Deferred* and ordered published:

CHICAGO, September 21, 1972.

To the President and Members of the City Council:

Your Committee on Health, having had under consideration a proposed resolution (which was referred on May 5, 1971, page 109) to request reports to the City Council on police policy, etc., on impounding of biting dogs, whose owners refuse to consent to impounding, etc., begs leave to recommend that Your Honorable Body *Do Not Pass* said proposed resolution.

This recommendation was concurred in by 7 members of the committee, with no dissenting vote.

Respectfully submitted,
(Signed) CLAUDE W. B. HOLMAN,
Chairman.

The proposed resolution transmitted with the foregoing committee report reads as follows:

Whereas, The effective protection of Chicagoans from rabies requires that when a Chicagoan is bit by a dog, the dog shall be impounded, in either a veterinary hospital or the municipal animal shelter, for a long enough time to determine whether the dog has rabies. Unless this is done, the bitten person must subject himself to extremely painful rabies shots; the animal remains at large; and the animal remains a potential source of rabid infection.

To that end, Municipal Code 98-38 provides that when the owner or keeper of a dog is notified that the dog has bitten anyone so as to cause an abrasion of the skin, the owner or keeper shall immediately place the dog in a duly licensed veterinary hospital for a period of at least ten (10) days or deliver the dog to a policeman for impounding in the municipal animal shelter.

Even though the city appears to have been successful for many years in controlling rabies in dogs, large numbers of bats and cats in Chicago and Cook County are rabid, so that the danger of rabies infection in dogs and people is a continuing and persistent one.

Nevertheless, the practice of the Departments of Police, of Health, and of Law is to take no steps to require the impounding of a biting dog if the owner declines either to place the dog in a veterinary hospital or surrender the dog to the police for impounding in the municipal animal shelter. In such cases, these departments cease taking any action to prevent the spread of rabies or the protection of the bitten person, but allow the bitten person, if he knows how to proceed, to sign a complaint in court, swear out a warrant, and assume the burden of prosecution of the owner or keeper for failure to impound the dog.

Since the prevention of rabies is a public health matter of prime importance, the present passive position of the city departments is anomalous.

Now, Therefore, Be It Resolved by the City Council of the City of Chicago:

1. The Superintendent of Police, the Commissioner of Health, and the Corporation Counsel are requested to report to the City Council promptly (a) their policy and practice in the impounding of biting dogs whose owners refuse to consent to impounding, and (b) their recommendations for any changes in policy.
2. The Corporation Counsel is requested to draft amendments to Chapter 98 of the Municipal Code to improve the procedure for impounding biting dogs and to extend the impounding procedure to biting or scratching cats.
3. The Corporation Counsel is requested to draft an ordinance framing the licensing power as to cats and dogs so as to provide an implied consent to impounding.

Be It Ordained by the City Council of the City of Chicago:

Section 1. That the Municipal Code of the City of Chicago be amended by the addition of the following sections to be known as the Toy Safety Act:

1. No toy or other article intended for use by children (or an article packaged in a form suitable for use by children) may be sold, offered for sale, or given away without compensation, that is a hazardous substance or that bears or contains a hazardous substance or economic poison (in such a manner as to be susceptible of access by a child to whom such article is entrusted) within the meaning of section 2(f)(1) of the Federal Hazardous Substances Act (15 U.S.C. 1261(f)(1) and the regulations promulgated pursuant thereto unless specifically exempted by such law or regulations. A hazardous substance is a substance or mixture of substances which is (1) toxic, corrosive, an irritant, a strong sensitizer, flammable, combustible, radioactive, or which generates pressure through heat, decomposition, or other means, or which may cause substantial personal injury or substantial illness during or as a proximate result of any foreseeable handling or use, including reasonable, foreseeable ingestion by children, or (2) an article that may present an electrical, mechanical, or thermal hazard as may be determined pursuant to the aforementioned Federal law or regulation.

2. (a) No toy may be sold or offered for sale, or given away without compensation, which has any corners, rims, edges, points, or other surfaces capable of inflicting a puncture wound or laceration, unless such corners, rims, edges, points, or other surfaces have a minimum radius of curvature of .005 inches.

(b) Sheet metal parts less than .015 inch thick must have the edges rolled or otherwise protected if the edges are exposed (a) during assembly by the purchaser, (b) in use, or (c) as a result of reasonably foreseeable use or misuse.

(c) The accessible portions of metal toys of heavier gauge shall be deburred or deflashed or the edges suitably protected.

(d) Accessible portions of plastic toys shall be suitably deburred or deflashed or the edges suitably protected. Sections should be designed so as to avoid generation of sharp edges during reasonably foreseeable use or misuse.

(e) Wooden toys shall have accessible edges suitably finished.

(f) Toys which contain wires that are likely to become exposed in use or reasonably foreseeable use or misuse, shall be constructed so that the wire ends shall be turned back or otherwise protected.

(g) Rigid shafts or similar projections shall have a protective tip which will withstand a pulling force of ten (10) pounds, unless the shaft or projection has a diameter greater than ¼ inch. Threaded bolts shall be protected with caps if they are accessible.

(h) Folding mechanisms, brackets, arms and braces shall embody a safety stop to afford protection for the fingers against crushing in the event of sudden or unexpected movement.

(i) Hinges shall operate without producing an accessible gap of greater than ⅛ inch between the hinged portion and the body of the toy.

(j) Chains shall be designed so that fingers cannot be trapped between adjacent links if the chain is a load-bearing component.

(k) All mechanical mechanisms including, but not limited to electrically driven toys, shall be enclosed to prevent access to moving parts in toys intended for children under the age of six (6) years.

(l) Any wheeled toy intended to bear the weight of a child, or that is likely to be used as an informal seat, shall be properly balanced so that it shall not tip on an incline of fifteen (15) degrees in any direction with a simulated child's weight applied.

(m) Toys that form enclosures shall have permanent holes in two (2) or more sides and shall not be fitted with self-locking doors. All head enclosed toys shall be made from rigid plastic and provided with a minimum of four (4) ventilation holes.

3. (a) No toy may be sold or offered for sale, or given away without compensation that contains any parts, pieces, or components that measures less than 1½" in any two (2) dimensions and are reasonably likely to be ingested by children or would under normal use be subjected to ingestion by children, or present a potential hazard of ingestion to children.

(b) Any toy intended for the use by children under the age of two (2) years which contains eyes or other components falling within the size specifications for ingestible objects as defined in paragraph 3(a), shall either be attached so that they cannot be gripped by fingers or teeth, or shall withstand removal when subjected to a ten (10) pound pull. If retained by stitching, then the thread shall be wear resistant.

4. (a) No toy may be sold, offered for sale or given away without compensation which does not conform with the provisions of Sections 86-10, 87-100 and 88-91 of the Municipal Code of the City of Chicago.

5. (a) No toy may be sold, offered for sale, or given away without compensation that provides for an angle of rotation of greater than ten (10) degrees from stationary in more than one plane, if that part of the toy that is designed for the user to sit or stand on or upon is suspended from a perpendicular base or holding.

6. (a) A toy shall not, whether wholly or in part, be made of or impregnated with cellulose nitrate. This regulation shall not apply to a ball of the kind used for ping-pong or table tennis.

(b) A toy shall not have any coating of paint which contains lead or any compound of lead on a dried-weight basis of more than 0.5% of the total weight.

(c) A toy shall not have any coating of paint which contains arsenic, soluble antimony, cadmium, mercury, chromium, barium, selenium, or any soluble compound of any of the aforementioned elements on a dried-weight basis of more than 0.05% of the total weight.

(d) The expression "soluble" in relation to an element or compound means capable of being dissolved by the method described by the National Bureau of Standards.

(e) For the purposes of this ordinance, "paint" includes lacquer, varnish and other similar substances.

7. (a) For the purpose of this ordinance, a toy shall be defined as any article that is primarily intended for recreational use by children under the age of fifteen (15) years. This ordinance shall specifically exempt hobbies, crafts, and sporting equipment, as shall be determined by the Commissioner of Consumer Sales, Weights and Measures.

8. (a) The violation of any of the foregoing sections shall be punishable by a fine of not less than $50.00 nor more than $500.00, and the sale of each independent item which violates this section shall be deemed a separate offense.

Section 2. This ordinance shall be in full force and effect ten days after its passage and due publication.

Heroic Efforts Lauded during Recent Tragic Illinois Central Railroad Disaster.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

WHEREAS, On Monday, October 30, 1972, the worst commuter train rail disaster in Chicago's history occurred on the Illinois Central Railroad in Chicago, Forty-four persons lost their lives and more than 300 persons were injured; and

WHEREAS, The fatal collision occurred when an Illinois Central express commuter train crashed into the rear of a local Illinois Central commuter train at the railroad's 27th Street station at approximately 7:38 A.M. The two trains involved in the collision carried approximately 1100 passengers on their way to work in downtown Chicago during the height of the morning rush hour. The crash telescoped the first car of the second train into the last car of the first train, tearing it open like a giant crowbar ripping the length of a soft metal cylinder. It lifted the front train slightly, then crashed down the new car's aisle for about forty feet. The two cars fused into a twisted mass of metal, containing bleeding bodies, train seats and pieces of clothing and steel; and

WHEREAS, Within minutes after the accident occurred, doctors, nurses and orderlies from two hospitals nearby, Michael Reese and Mercy were on the scene to give aid to the injured; Firemen worked with acetylene torches and saws to cut through car sides to reach those trapped inside; Construction workers from a nearby project operated bulldozer equipment to help free victims pinned in the wreck. City Police helped carry the injured from the wreckage. Civil Defense men helped police to keep the crowds of curious onlookers away from the men at work. CTA emergency crews with their equipment assisted. Illinois Bell Telephone Company set up a mobile telephone center. Red Cross was quickly on the scene with coffee and sandwiches for the workers. Hundreds of Chicagoans rushed voluntarily to give blood; and

WHEREAS, All Chicagoans and especially the families and friends of those who were injured and those who lost their lives in this tragic accident were in a state of shock. Words cannot express the grief, pain and suffering of the victims of the crash and their families and friends, nor can words really describe the deep feelings of sympathy and concern of all Chicagoans for the crash victims and their families. The hearts of all Chicagoans went out to those touched by this tragic accident; now, therefore,

Be It Resolved, That the Mayor and Members of the City Council of the City of Chicago in meeting assembled this 14th Day of November, A.D. 1972, together with all the people of Chicago, publicly express their deep sorrow and extend their sincere sympathy to the families of those persons who lost their lives in the tragic accident; and

Be It Further Resolved, That the Mayor and Members of the City Council of the City of Chicago, together with all the people of Chicago, express their deep sympathy to those who suffered injuries in the tragic accident and extend to those persons their hopes and prayers for a speedy recovery; and

Be It Further Resolved, That the Mayor and Members of the City Council of the City of Chicago, together with all the people of Chicago, express with pride their deep appreciation and thanks to all involved for the inspired rescue work and the magnificent manner in which they responded to this calamitous catastrophe. To the Doctors and nurses who worked untiringly to assist the victims of the crash; to Michael Reese, Mercy and Billings Hospitals, and all other hospitals which provided the necessary service to assist the injured in an effective and efficient manner; to the Chicago Firemen who shunned their own personal safety and remained on duty beyond their normal hours to continue their heroic efforts until the job was done; to the Chicago Policemen who worked as part of the rescue operation and reduced panic on the scene; to the Department of Streets and Sanitation, which rushed extra cranes, huge lifts and melting torches to implement the Fire Department's equipment; to the Private ambulance services which volunteered in great number to help move victims; to the Blood Donors who lined up instantly at the call of help; and

Be It Further Resolved. That this City Council memorialize the National Safety Board and other investigative agencies vested with jurisdiction over rail and interstate transportation to conduct the most thorough and exhaustive inquiry into the causes of the accident, as well as the devastating effects of the impact, so that the broadest range of safety measures for both the operation of rail transit facilities and the future construction of mass transit rail coaches might be identified and implemented toward the end that rail commuters throughout the Nation might be assured of greater safety and spared the horrors of October 30, 1972; and

Be It Further Resolved, That as a mark of respect to the memory of those who perished in the tragic accident and in recognition of all those involved in the rescue work, whose efforts shone like a beacon during the dark tragic hours of Monday, October 30, 1972, this Resolution be spread upon the Permanent Record of Proceedings of the City Council of the City of Chicago.

Alderman Vrdolyak moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the foregoing proposed resolution. The motion *Prevailed.*

On motion of Alderman Vrdolyak (seconded by Aldermen Wilinski, Burke, and Holman) the foregoing proposed resolution was *Adopted,* unanimously.

Alderman Vrdolyak, Alderman Wilinski, Alderman Burke and Alderman Holman all lauded the splendid efforts put forth by the police, fire, civil defense, department of streets and sanitation, hospitals and all other agencies and persons who gave so much of themselves to help in the hour of disaster. All extended their condolences to those who had lost loved ones and expressed their hope for a speedy recovery to those who sustained injuries. All praised Mayor Daley for his outstanding efforts to see that all possible assistance was rendered by all City agencies.

Mayor Richard J. Daley, also expressed his concern for the injured and the dead and stated that a thorough investigation would be made to determine why such a terrible disaster could occur and to take all possible steps to avert another such tragedy. He concluded by also extending his condolences to the bereaved families and a speedy recovery to all those who were still hospitalized.

Tribute Paid to Late Orlando W. Wilson.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

WHEREAS, Almighty God, in His Infinite Wisdom, has called to his eternal reward, on October 18, 1972, Orlando W. Wilson, former Superintendent of the Chicago Police Department; and

WHEREAS, Mr. Wilson, the son of Norwegian parents, was born in South Dakota. He was valedictorian of his San Diego, California High School when he graduated in 1918. He was a graduate of the University of California. He earned a world renowned reputation as an expert in police organization and administration; and

WHEREAS, Mr. Wilson had a long and distinguished career in the field of police administration. Early in his career he was a policeman in Berkeley, California. He was police chief in Fullerton, California. Mr. Wilson taught at Harvard University, and served as professor of Police administration and dean of the School of Criminology at the University of California. He had written numerous books on police work, and one—on police administration—had been translated into Spanish, Arabic and Chinese. Mr. Wilson also directed reorganization surveys for police departments in Dallas and San Antonio, Texas, Pasadena, California and Hartford, Connecticut, in Birmingham, Alabama and Nashville, Tennessee, and Louisville, Kentucky and Oakland, California; and

WHEREAS, Mr. Wilson, as a nationally known criminologist, was named by Mayor Daley in 1960, to head a blue-ribbon committee to select the best man in the nation to head Chicago's Police Department. The Committee after weeks of interviewing top law enforcement people could find nobody better qualified for the job than its own Chairman, Mr. Wilson. The Mayor accepted the Committee's recommendation and named Mr. Wilson to the post; and

WHEREAS, Mr. Wilson during a seven year tenure as Superintendent of the Chicago Police Department was a tough, innovative and articulate police administrator. He instituted wide changes in the department's operation, reflecting his own theories of how to police a big city. He installed a sophisticated communications network and doubled the number of squad cars to shorten the time between a complaint and arrival of a policeman. He applied computer technology to police statistics, crime records and planning. He added a canine force and modernized the crime laboratory. He hired women to direct traffic, doubled the number of civilians in clerical jobs and freed regular police officers for duty on patrol. Orlando Wilson made a professional organization out of the Chicago Police Department and he raised its standards from 1960 on. When he left Chicago, the Police Department was rated as the No. 1 Department in the nation and still is; and

WHEREAS, Chicago is deeply indebted to Orlando Wilson for his unstinting dedicated efforts on behalf of its citizens in establishing the number one Police Department in the nation. His contribution to the welfare of Chicago and its citizens will long be remembered and will become part of the annals of Chicago's history reflecting in the best sense the high tradition of the "I Will" spirit of Chicago; now, therefore,

Be It Resolved, That the Mayor and members of the City Council of the City of Chicago, in meeting assembled this 14th day of November, A.D., 1972, together with all the people of Chicago, publicly express their deep sorrow at the passing of Orlando W. Wilson, former Superintendent of the Chicago Police Department, and extend to his wife Ruth their sincere sympathy; and

Be It Further Resolved, That a suitable copy of this Resolution be presented to Ruth Wilson, widow of Orlando W. Wilson.

Alderman Keane moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the foregoing proposed resolution. The motion *Prevailed.*

On motion of Alderman Keane (seconded by Alderman Sperling) the foregoing proposed resolution was *Adopted,* unanimously, by a rising vote.

CITY OF CHICAGO
DEPARTMENT OF LAW

October 24, 1972.

To The Honorable, The City Council of the City of Chicago:

Re: *Tobey Aron vs. City of Chicago*
Ill. App. Ct. No. 56882

LADIES AND GENTLEMEN—On October 20, 1972, the Illinois Appellate Court, First District, affirmed the decision of the Circuit Court of Cook County dismissing Tobey Aron's counterclaim in the city's action to foreclose a lien for demolition costs. The thrust of the counterclaim was that Aron, as trustee under a trust deed conveying the property, was entitled to notice of the demolition.

In reaching its decision, the Appellate Court determined that under the terms of the trustee's deed, Aron retained only a lien holder's interest in the property that was demolished. Under the then-existing demolition statute, the City was required to give notice of demolition to owners only and not to lien holders. Thus, there was no merit to Aron's counterclaim that the demolition was wrongful as to her for lack of notice.

Very truly yours,

Corporation Counsel.

CITY OF CHICAGO
DEPARTMENT OF LAW

November 2, 1972.

To The Honorable, The City Council of the City of Chicago:

Re: *Dennis Madigan vs. Police Board of the City of Chicago*
Illinois Appellate Court No. 55735

LADIES AND GENTLEMEN—On October 31, 1972, the Illinois Appellate Court, First District, delivered an opinion in the above-entitled cause, reversing the decision of the Circuit Court of Cook County and, in effect, reinstating the decision of the Police Board.

Officer Madigan had been suspended from duty by the Police Board which found that he had disobeyed lawful orders and had been disrespectful to a superior officer. On administrative review, the Circuit Court reversed this decision of the Police Board.

The Illinois Appellate Court, in reversing the decision of the Circuit Court, held (Opinion pp. 6-7) that "the findings of the Police Board were not contrary to the manifest weight of the evidence, that Officer Madigan was suspended for 'cause' and that the investigation of his conduct did not deny him due process of the law."

Very truly yours,

(Signed) RICHARD L. CURRY,
Corporation Counsel.

XXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXX

The Lessee agrees concurrently with the execution of this lease to deposit with Railroad, as security only, and as collateral to the faithful performance of all of the terms, covenants and conditions of this lease, including the payment of rent, the sum of

Said sum shall be retained by Railroad as collateral security only, and not as rent.

In the event of default in the payment of any installment of rent, or in the event of default in payment of any other charges or obligations of the Lessee under this lease, or in the event of a filing of a petition in Bankruptcy, either in straight bankruptcy, or the so called provisions of the Relief Bankruptcy Act; or in the event of the insolvency of the Lessee, resulting in default in the terms and conditions of this lease; Railroad shall be permitted to resort to said fund for the purpose of reimbursing itself for such rent, applying said deposit to the last maturing installments of rent due under the terms of this lease, exclusive of any extension thereof, and the obligations of the Lessee upon said lease shall be reduced by the application of such funds to the last maturing installments of rent; and

In the event of the default of Lessee under any other provision of said lease, the said fund may be resorted to by Railroad to make itself whole on account of any such other default.

In the event of the termination of this lease for any cause not occurring through the default of Lessee, the balance of any monies remaining in the collateral security fund, after the satisfaction of any obligations of Lessee, shall be refunded and delivered to Lessee. Said fund shall bear no interest.

2. Lessee accepts this lease subject to all lawful outstanding existing liens and superior rights, if any, in and to said Premises, including, but not limited to, the Railroad Company's Consolidated Mortgage dated November 1, 1949, and supplements thereto, to Morgan Guaranty Trust Company of New York (Formerly Guaranty Trust Company of New York), Trustee, if the same is applicable to said Premises. Lessee agrees it shall not have any claim against Railroad for damages on account of any deficiency in title of Premises leased hereby and agrees that in the event of failure of such title the sole remedy of Lessee shall be the right to the return of a proportionate share of rent paid in advance without interest for any period in which Lessee is deprived of possession of Premises by title superior to that of Railroad.

3. Lessee shall pay all taxes, license fees or other charges which may become due or which may be assessed against said Premises, Lessee, the business conducted on said Premises or any improvements thereon, except special assessments for public improvements, and shall promptly reimburse Railroad for any such items which may be paid by Railroad upon presentation by Rail-

road of bills for same. In default of such reimbursement, all sums so paid by Railroad shall be deemed additional rental and recoverable as such. In the event Premises hereby demised, or any part thereof, shall be subject to any special assessment for any public improvement or improvements, the rental herein reserved and stipulated to be paid by Lessee shall be increased by 10% per annum of the amount of such assessments.

4. Lessee has examined Premises and knows the condition of said Premises and has received the same in good order and repair and acknowledges that no representations as to the condition and repair thereof have been made by the Railroad or its agents or employees prior to or at the execution of this lease that are not herein expressed. Lessee accepts Premises subject to any and all existing easements, Railroad facilities, pipe lines, telephone, telegraph, communication and signal lines or any other similar facilities together with any future installations thereof provided such future installations do not interfere with Lessee's use of Premises. Should it at any time become necessary to relocate any of Railroad's facilities by reason of this lease, or Lessee's use of Premises, Lessee shall bear and pay the cost of so doing.

5. No improvement shall be constructed by Lessee on the Premises without prior written consent of Railroad. Such consent shall not relieve Lessee of any responsibility otherwise imposed by law or the terms of this lease. Lessee shall not enter into any contract for labor, materials or services for improvements on Premises without stipulating that no lien shall arise or be claimed on account thereof against the title or interest of Railroad and that any such lien shall be limited to the interest of the Lessee and subject to the rights of Railroad under the terms of this lease. Prior to any construction Lessee shall furnish Railroad with copies of any contracts, contractors' sworn statement together with full and complete waivers of lien from all contractors, subcontractors, laborers, material men and others furnishing services or material to the Premises.

6. Lessee shall not interfere with or obstruct drainage ditches or drain pipes on or below the surface of the ground as the same may now exist on Premises, nor shall Lessee put or permit any contaminous matter to enter into any drainage ditch or drain pipe on Premises. If it should become necessary to make any change or alteration in any existing drainage ditch, drain pipe or pipes on the surface or below the surface of the ground on Premises by reason of any improvements that Lessee may desire to construct thereon, Lessee shall, at its own expense, make such changes or alterations in a manner satisfactory to the Chief Engineer of Railroad or his authorized representative.

7. Lessee shall not erect or maintain or allow to be erected or maintained any building, structure or physical obstruction of any kind adjacent to or over any railroad track at distances less than those prescribed by lawful authority; and in the absence of any such clearances prescribed by lawful authority, no building, structure or physical obstruction shall be erected, maintained or allowed to exist within eight and one-half (8½) feet of the center line of any railroad track or at a height of less than twenty-three (23) feet above the top of the rails of the track (with suitable increase in such clearances where required because of curvature and/or super-elevation of the track), except as to wires, the overhead minimum clearance of which shall be in accordance with specifications of the then current National Electrical Safety Code and in no case less than twenty-seven (27) feet, (twenty-five (25) feet in the case of wires or cables suspended from messengers), above the top of rails of any railroad track. Knowledge of or notice to Railroad of Lessee's failure to perform this covenant and Railroad's continued operation over any railroad track thereafter shall not be a waiver of this covenant.

8. Lessee shall, at its expense, maintain Premises and any improvement erected thereon by it or leased to it by Railroad at all times during the term of this lease in accordance with accepted engineering, sanitary, fire and accident prevention practices. Lessee will keep the Premises free of noxious vegetation and debris and shall not permit or allow any condition constituting a nuisance to exist.

9. Railroad shall have the right at any time, but not the obligation, to inspect Premises to assure itself that there has been compliance with the terms of this lease, but the exercise by Railroad of such right, or the failure to exercise the same, shall not relieve Lessee of any obligation imposed upon Lessee under the terms of this lease.

10. No signs or advertisements except those of the Lessee's business shall be displayed on Premises and shall not be erected so as to obstruct the view at grade crossings.

11. No intoxicating liquors shall be sold or dispensed on Premises without Lessee first obtaining written consent of Railroad and delivering to Railroad dram shop or other appropriate insurance in amounts prescribed by Railroad.

12. Lessee shall pay for all utility service brought to and/or consumed on the Premises and agrees that artificial lighting shall be by electricity only. Any electrical installation on Premises, where oil or flammable liquids are handled or stored, except in unbroken original containers, shall conform to and be maintained in accordance with the provisions of the then current edition of the National Electrical Code with respect to Class I Hazardous Locations. Lessee agrees that the portion of any track or siding, whether the property of Lessee or Railroad, upon which cars of flammable or explosive liquids are placed for storage, loading or unloading shall be adequately protected against the hazard of fire or explosion due to stray electrical currents or static discharge. This protection shall conform to the rules for recommended practice relative to the protection of said track or sidings from fire or explosion due to stray current as set forth in the then current specifications of the Association of American Railroads. Lessee will comply with all provisions of the then current AAR Circulars Nos. 17 and 17-F with respect to tank installations, storage and handling of anhydrous ammonia, including the unloading thereof from railroad tank cars. Lessee also agrees to comply with all applicable Federal, State, and Municipal Laws, Rules and Regulations governing the handling of flammable or explosive liquids and anhydrous ammonia.

13. Lessee agrees that at all times during the continuance of this lease it will exercise such care, and cause such precautions to be taken, as shall adequately protect the facilities, buildings and structures plus contents thereof on said Premises, and all property, of whatever description, including, but not limited to that belonging to the parties hereto, situated on Premises, against all dangers to which they may be exposed from fire regardless of cause.

14. Lessee agrees to assume, indemnify and save harmless Railroad against (a) any penalty or damage or charges imposed on Railroad for any violation of any laws or ordinances occasioned by the act or neglect of Lessee or those holding under Lessee, (b) any and all liability, loss, cost, damage and expense (including attorneys' fees), arising out of or from any accident or other occurrence on or about Premises or attributable to occupancy of Premises by Lessee or attributable to the operation of engines, cars or other equipment over and upon any side, spur, industry or other track connecting Premises with the main line of Railroad, or located on any part of Premises, causing injury to any person (including the parties hereto and their employees) or property (including that belonging to the parties hereto), and (c) all claims and any and all loss, cost, damage or expense, including, but not limited to, that occurring to the parties hereto, arising out of any failure of Lessee in any respect to comply with and perform all the requirements and provisions of this lease. The indemnity provided for in this paragraph shall be applicable regardless of negligence of Railroad in connection with the obligations imposed on Lessee in Paragraphs 7 and 15 of this lease. The Railroad shall not be liable and the Lessee waives all claims for damages and/or injury to person or property sustained by the Lessee resulting from any accident in or about the demised premises whether resulting directly or indirectly from any act or neglect of the Railroad.

15. Lessee agrees to indemnify and save harmless Railroad, its employees and agents and to assume all risk, responsibility and liability for death of, or injury to, any persons, including, but not limited to, employees, agents, officers, patrons and licensees of the parties hereto, and agrees to indemnify and save harmless Railroad, its employees and agents and assume all risk, responsibility and liability for loss, damage or injury to any property, and agrees to pay for all loss or damage to property of Railroad or property in its custody or possession, including loss of use thereof, together in all cases with all liability for any expenses, attorneys' fees and costs incurred or sustained by Railroad, arising from or in any manner or degree attributable to the existence of or storage of explosive material or other inherently dangerous commodities on Premises regardless of any negligence of Railroad.

16. Lessee agrees at all times during the term hereof, at its own expense, to keep the improvements on the demised premises insured against loss by fire and those risks now or hereafter normally covered by the term "extended coverage" for not less than one hundred percent (100%) of their full insurable value in companies acceptable to the Railroad. Lessee further agrees Railroad shall be named as one of the insured and furnished a duplicate original of said insurance policy which shall further provide for thirty (30) days prior written notice to Railroad of any change in coverage or cancellation thereof.

As a further consideration Lessee agrees, at Lessee's sole cost, to secure, prior to the effective date of this lease, and to keep in effect at all times during the term hereof, a policy of insurance satisfactory to Railroad insuring Railroad from and against any and all damages, claims, demands, causes of action, suits, judgments, attorneys' fees, costs and expenses resulting or arising from death of or injury to persons whomsoever, or loss or destruction of or damage to property whatsoever and to whomsoever belonging, resulting from, growing out of or incidental to the use or occupancy of Premises, or any part thereof, by Lessee, or any person or persons whomsoever, with or without the consent of Lessee, or arising from or growing out of Railroad operation or maintenance by Railroad, or from any causes whatsoever. Said liability policy shall provide coverage of not less than Three Hundred Thousand Dollars ($300,000) for death or injury to one person, and not less than Five Hundred Thousand Dollars ($500,000) for death or injury to more than one person occasioned in any one accident or occurrence, and not less than One Hundred Thousand Dollars ($100,000) for loss or destruction of or damage to property. It is understood and agreed by Lessee that furnishing of such policy of insurance and the acceptance by Railroad is not intended to and shall not limit, affect or modify the obligations of Lessee under any provisions of this lease. Said insurance policy shall specifically refer to and cover the indemnity provided under this lease and shall further provide for thirty (30) days prior written notice to Railroad of any change in coverage or cancellation thereof. A certificate of insurance evidencing the insurance required hereunder, and any renewal thereof, shall be furnished Railroad.

17. The Lessee agrees, if requested by Railroad, that it will at its own expense erect and maintain a good substantial fence or barricade on Premises separating the same from other property of Railroad on which Railroad operations are conducted.

18. If Lessee fails to substantially begin compliance with any obligations under the terms of this lease after receiving thirty (30) days written notice from Railroad, the Railroad may, at its option, perform such obligations at the sole cost and risk of Lessee. Cost of work performed by Railroad for Lessee's account as referred to in this lease is hereby defined to be the cost of labor and material furnished by Railroad and rental on equipment used. To the cost of labor there shall be added 10% to cover supervision and accounting. Also included will be the cost of vacation allowance, paid holiday allowance, health and welfare allowance, Railroad Retirement and/or Social Security taxes, unemployment compensation and premiums on workmen's compensation, property damage and public liability insurance. To the cost of material there shall be added 15% to cover accounting, handling and transportation. In addition, the term "Cost" is defined to include taxes payable by Railroad under any excise, sales or use tax based on the wages of labor, cost of material, or the gross cost of the work, as the case may be. Bills covering such cost and expense as herein defined shall be paid by Lessee within fifteen (15) days after the receipt thereof.

19. Failure or delay of Railroad to require full compliance with any one or more of the terms of this lease shall not be held as a waiver of a right to subsequently insist upon such compliance.

20. If for a period of five (5) days the rent, or any part thereof, shall be unpaid on the day when due, or if default shall be made by Lessee for a period of thirty (30) days after written notice in keeping or performing any of the other covenants or agreements herein contained, or if bankruptcy, insolvency, receivership, foreclosure or any similar proceedings affecting Lessee shall be instituted and not dismissed for said period, Railroad may at its election declare this lease terminated and the term provided for herein shall be ended. An abandonment of the Premises by Lessee for a period of thirty (30) days shall operate at the election of Railroad as termination of this lease without notice. Failure of Lessee to occupy or use Premises for the purposes above specified shall at the election of Railroad be deemed an abandonment. Whenever or however ended Railroad shall have the right (without being guilty of any manner of trespass or forcible entry or detainer) either with or without notice or demand, and either with or without process of law, to immediately take possession of Premises and any improvements thereon, and to remove therefrom the Lessee and/or any person or persons occupying Premises or any and every part thereof, and any and all effects that may be then on Premises or any part thereof, using such force as may be necessary, and to repossess and enjoy Premises. When the term of this lease shall be ended for any cause Lessee covenants and agrees to give up and surrender to Railroad peaceably and immediately Premises and improvements thereon without further demand or notice and in good order, repair and condition, reasonable wear and tear excepted, failing which Railroad may restore Premises and improvements to good order, repair and condition at the sole cost and risk of Lessee. Termination of this lease shall not affect the Railroad's rights with respect to Lessee's obligations for rent or otherwise and shall not prevent Railroad from pursuing such other actions or proceedings as it may deem advisable. All sums due and unpaid under the terms of this lease shall bear interest at the maximum permitted rate under law.

21. If the term of any lease made by the Lessee for any premises leased from Railroad shall be terminated or terminable after the making of this lease because of any default by the Lessee under any such lease, such fact shall empower the Railroad, at the Railroad's sole option, to terminate this lease by notice to the Lessee.

22. This lease is made subject to the approval of any Governmental authority having jurisdiction thereover.

23. Railroad may terminate this lease and the tenancy hereby created at any time by giving Lessee sixty (60) days notice of such intention. No termination of this lease shall release the parties, or either of them, from any liability or obligation that accrued prior to said termination. In the event this lease is terminated pursuant to Paragraph 23 any unearned prepaid rentals made by the Lessee under the terms and conditions of this lease shall be refunded to the Lessee on a prorata basis less any other monies which may be due Railroad.

24. All notices to be given to Lessee shall be considered as having been properly given upon mailing such notice by certified U. S. mail, postage prepaid, addressed to Lessee at its billing and mailing address set out heretofore. For the purposes of effectuating termination of this lease, as provided in Paragraph 23 hereof, notice may be served upon ~~lessee~~ by (a) personally delivering notice of termination to Lessee; (b) by personally delivering notice to any of Lessee's employees on premises; (c) by posting said notice of termination on premises; or (d) by mail as above provided. Utilization of any one or more of such methods for giving

notice of termination of lease shall be considered to be proper notice to the Lessee. All notices to the Railroad shall be addressed to the Manager – Real Estate Taxes and Administration, 135 East 11th Place, Chicago, Illinois 60605, by U. S. certified mail, return receipt requested, and shall be considered as having been properly given when actually received by the Railroad.

25. Lessee hereby agrees to remove buildings, structures, foundations, footings, materials, signs or signboards, debris or any other articles or facilities owned by Lessee or permitted to be placed on, above or below the surface of Premises by Lessee before the termination of this lease, and restore Premises to a condition satisfactory to Railroad, and if not so removed, such property shall, at the election of the Railroad, become Railroad's property, or Railroad may, at its election, remove and dispose of such property without any liability whatsoever to Lessee or have the same removed and restore Premises to a satisfactory condition and charge Lessee for all costs incident thereto, the Lessee hereby agreeing to pay such costs as additional rental.

26. Lessee agrees at its expense to comply with all the obligations imposed upon it under the terms of this lease and with all laws, rules, regulations and requirements of any Governmental authority having jurisdiction over Premises, the public ways adjacent thereto, the business conducted thereon, or the Lessee or Railroad. Lessee agrees to comply with the then current Association of American Railroad specification and circulars and other standards which will be furnished to Lessee upon written request to Railroad.

27. The invalidity or unenforceability of any provision of this lease shall not affect or impair any other provision.

28. Acceptance of money by the Railroad from Lessee after any default by Lessee or after the expiration of the agreement or after the service of any notice or after the commencement of any suit, or after final judgment for possession of said property, shall not waive such default or reinstate, continue or extend the term of the lease or affect any such notice or suit, as the case may be.

29. Lessee shall not assign this lease or sublet the demised Premises or any part thereof, without the written consent of the Railroad. Lessee shall not allow or permit any transfer of this lease, or any interest hereunder, by operation of law, or convey, mortgage, pledge or encumber this lease or any interest herein.

30. If the whole or any part of the demised Premises shall be taken or condemned by any competent authority for any purpose, or is sold by the Railroad under the threat of condemnation, the term of this lease shall end upon and not before the date when possession of the part so taken shall be required for such use or purpose, and without apportionment of the award. Current rent shall be apportioned as of the date of such termination and lessee shall have no right to share in the condemnation award or sales proceeds.

31. All of the covenants, agreements, conditions and undertakings contained in this lease shall be binding upon and inure to the benefit of the legal representatives, successors or assigns of the respective parties hereto.

32. It is expressly agreed by and between the parties hereto that all of the agreements, terms and covenants contained in this lease are the only agreements entered into between the parties affecting the demised premises. The Lessee expressly acknowledges that the Railroad has made no agreements affecting the demised premises except those as are expressed therein.

IN WITNESS WHEREOF, the parties hereto have caused this lease to be executed in duplicate original as of the day and year first above written.

COMMITTEE ON CULTURAL AND ECONOMIC DEVELOPMENT.

Preliminary Report Concerning Economic Stability of City.

The Committee on Cultural and Economic Development submitted the following report:

To the President and Members of the City Council:

Preliminary Report of City Council Committee on Cultural and Economic Development.

The City Council Committee on Cultural and Economic Development has held two meetings during the past month to investigate the economic stability of the city. This is a preliminary report on the testimony presented at the hearings. Witnesses who appeared included industrial developers, industrial realtors, community representatives, businessmen and federal officials.

The overall consensus was that the economic status of the city and the number of job opportunities available were well above conditions existing in other major cities throughout the United States. Mr. Richard Sinnott, Deputy Assistant Secretary for Policy Coordination, U. S. Department of Commerce, pointed out that in programs supported by the Economic Development Administration in most major cities, Chicago has had the foresight to organize effectively through the Mayor's Committee for Economic and Cultural Development to meet the challenges of a national decline of cities economic base. Specifically, the Mayor's Committee is rated by EDA as first in preparing constructive Overall Economic Development Program and in providing the administrative and technical structure to implement the program.

Since 1968 over $15 million has been made available for public works construction in the two designated areas (south & west) and over $8½ million in business loans through EDA based on Chicago's OEDP. Employment and private investment in these areas has also kept pace with the federal investment. These monies were made available on the basis of the city's program under the supervision of the Mayor's Committee.

However, it is quite clear even at this preliminary stage that additional steps must be taken to maintain and increase our pattern of economic progress. Each witness indicated the confidence in the city shown by investors and companies seeking location or expansion sites within the city. This confidence has been demonstrated by the continued pattern of industrial investment in Chicago and the relatively stable employment position of the city in spite of the last three years of recession economy. Able administration of economic development programs by the Mayor's Committee has been an additional inducement to Chicago's favorable economic position.

Problems of industrial park development within the City was the focus of attention and what needs to be done. Land assembly, utilization of existing sound industrial structures, total community upgrading and new development techniques was the central theme of the testimony. It was generally agreed that a new city agency with powers to assure industrial, commercial and retail development in areas least desirable by investors and companies be considered. Dramatic and self generating projects need to be undertaken to rehabilitate the physical base of our economically viable areas.

Minority economic programs centered on the need to shift the direction of emphasis from small retail enterprises to the larger industrial park shopping center concepts. It was felt that greater and more lasting progress can be made through investment in the larger projects. Additional focus on manufacturing as a source of new minority enterprises has greater merit than the small retail operation that analysis has shown is a receding economic activity.

Mr. Paul Zimmerer, executive director of the Mayor's Committee, whose organization received acclaim and praise from all witnesses, reviewed in a written report the OEDP of the committee and its current status as requested by a member of the committee. This testimony directed to the need for a form of Economic Development Authority.

It was brought out in questioning that the authority if created must not be a copy of existing agencies in other cities because these agencies have not been able to deal positively and quickly with changing economic conditions. The position of any agency, it was stated, should be to form a partnership for action-city, private business and investors and the community. Flexibility and innovation as needed is the primary element of success for the private sector and this must be matched by the public inputs. It was also pointed out that any organization created should be self liquidating financially and investment success should be used in high risk areas. It was recommended that the agency should be of assistance to all communities of the city because the major objective should be a stable economic base in each community.

Chairman.
